“ From the moment we met in middle school, my life was never the same. Kyle, I'm hurting so bad from this and I'm going to miss you so much. I just thank God that you came back into my life before you transitioned and that you taught me time meant nothing. We picked back up life we never left. Thank you for the laughs, the advice, the annoyance, the love, the support, and just you being an all around amazing human being.

“ Kyle, you was such a sweet soul, when I got the word you had passed on. Oh, my heart was broken. Tho we didn't know each other well we connected through mutual family. The last time we saw each other I didn't know that was going to be the last. You always told me and treated me like your family. You reminded me how God put people in your life for a reason. Behind every reason there's a purpose!! You'll be truly missed Kyle. Get your rest!! Until we meet again. #gonetosoon

Lil' cuz, I'm still in disbelief. As I write this I still can't fathom that I won't see your smile, witness your growth and that with I loved so much. You have gained your wings, and may your angelic spirit keep us comfort. I love you so much.

“ *My Dear Cousin Kyle,*

Your sweet spirit and warm heart will be missed throughout our entire family. I am going to miss the calls I would get when you were on the road letting me know what city you were in, where you were headed, and most importantly you telling me that the very first time you were anywhere close to North Carolina that you would definitely reach out to me so we could spend some time with each other. I love you for that and more! Missing you so much already!

Your Big Cousin Tina!
