“ I have so many memories of so many amazing times and many sad times as well but I wouldn't trade a single thing we went through for anything. I was with you when Momma J left us and I saw how broken you were but how strong you were also. It was through you I was semi able to get through the loss of my momma. You were and will always be loved and missed sissy. I can't believe I'll never be able to come scoop you up and go "handle business"!! I will forever cherish each and every minute God have us and I will see you and Momma J again one day sissy. Until then, I'll keep watch and do for my nephews and nieces and Granny too. Just save me a place so we can all carry on when we meet again. I love you and I will miss you until my last breathe sissy. Prayers for all your beautiful children and family. RIP and RIL my beautiful sister!! 💔😭

“ Le, Can you believe that I, LaLe, ain't got nothing to say right now? I'm not at work so I can use all these double negatives. 🤔 Leza. I'm thinking soooo much but I can verbalize it. I find myself just sitting and staring .... at nothing....just staring. You'd understand me.

“ *I will always remember the laughs we shared about my son....he kept us laughing about what he was going to be when he grew up. I will keep your light lit whenever I come in contact with your children and grandchildren. You will be dearly missed my friend but never forgotten. “ My dear friend I just found out you were gone 15min. Ago from your daughter who answered your phone. Tonight is your wake but I choose to remember you the way I last saw you in my living room and supporting your good hotdogs at the detail shop. Although my heart is heavy right now you will always be apart of my heart fly high my sister.
