

Serenity Joi Wilson

January 30, 2020 - July 4, 2024

Serenity was born January 30, 2020 in Richardson TX, to her parents, Chandra and James Wilson. Serenity had a huge personality and her smile would light up every room that she entered. The love, compassion and giving spirit that she had far exceeded any regular 4-year-old. She had definitely been here before with the caliber of her wisdom. Her infectious smile would bring anyone out of any mood.

She loved to sing, dance, swim and play with her brothers and sister. She loved the color pink, unicorns and eating watermelon. Her love for fashion, painting her nails and perfume was a must. She hated having her hair done, but boy when it was finished, she loved parading around showing everyone how cute she was.

She will be greatly missed here on earth, but we know that she will live on with the Father.
